Introduction of newest members: Michael Swearingen and Janell Walter. Very excited to have the two newest members and their expertise.

**2. SCHEDULED PUBLIC APPEARANCES**

Discussion with Pasha and Alanna Kazmer's realtor, Terry Miller regarding getting lines to their property for water. What are the steps necessary? Does the Town of Larkspur install the lines to the tap location or do the new owners pay for that approximately 600 feet to connect? Referred Mr. Miller to speak with Heather and Mayor West the following day. Also suggested that Mr. Miller speak with Semocor to get answers to his questions.

**3. NEW BUSINESS**

Discussed a tour of water and sewer facilities again. Ms. Stevens to contact Town of Larkspur office to see if a tour can be set up for a Friday afternoon since most of the board members could join on a Friday afternoon.

Discussed perhaps meeting with Will of Semocor to ask more questions regarding the status of the water wells and the sewer plant. What are his concerns? What would he like to see happen? Perhaps have this discussion before the tour of the water and sewer facilities.

Discussed some possible future solutions to lack of potable water: Storage Facilities, grant for a new well, etc.

We asked Lynn Pfaff if she could find out what kind of grants are being applied for by the Town. There are many grants available.
